My Mother

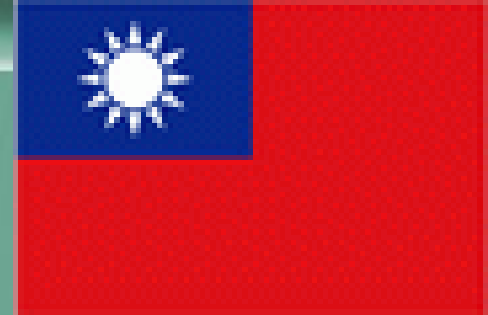

The one I love in the world is my mother. It is a lovely face I saw after I born. She is tall and fair and most beautiful lady in the world. She likes to cook dishes for us. When I saw tears in her eyes I become so sad and when she saw tears in my eyes she become so upset. When I become sick she always sit besides me. She also help me in my studies. Sometime she become quite strict with my studies. She guides me and loves me a lot. She is the most important person in my life and she is my idol. I love her and she love me a lot.

Group 2

Hey there! We are students from Shih Jia Junior High in Kaohsiung, Taiwan. There are 5 people in our group. Our team name is BDDMT. Our names are Brian, Denny, David, Marvin, Tim. We are all thirteen years old.

1. Our team name "BDDMT" stands for the five members of our group, Brian, Denny, David, Marvin and Tim.
2. The reason we five guys get together is we love to say "No Brad". Teacher says that Denny and Brad are enemies so we make a joke about No Brad.

We live in Kaohsiung City, the second largest city of Taiwan. Our group would like to introduce to you a place in Kaohsiung that is very special to all of us. The place is called World Game Stadium. The World Game Stadium held World Game last year in 2009. It has lots of seats where audiences can watch sport events. And there is a big plaza in front of the stadium. You can also play sport on the grass on the right side. The World Game Stadium's outlook design was inspired by the shape of a dragon. The World Game Stadium is magnificent and spacious.

We're very excited to know you and we look forward to hearing from you again.

Hi~we are Taiwan's students and all come from Shih-Jia junior high!

We live in Kaohsiung City, the second largest city of Taiwan. Our group would like to introduce to you a place in Kaohsiung that is very special to all of us. The place is called Liuho Night Market. It's a very famous night market in Kaohsiung. There are many kinds of stands in this night market. You can shop for clothes and eat many kinds of the local Taiwanese foods. It's a great place to hang out with friends to spend all night.

--Although it is noisy, it is still a lively place.

---This is stinky tofu. It smells terrible, but it tastes delicious.

Welcome to Taiwan! And we all look forward to hearing from you.

Group 4

Hi, dear friends from Russia:

Our names are: Wayne Lin (aged 13) Johnson Chang: (aged 12) Tom Li: (aged 13) Patrick Lo: (aged 12) Joe Chen: (aged 12) David Hsieh: (aged 12)

We are all boys. We are in the same group because we are all good friends.

We've got a sea creature in our group because his name is Patrick (a sea star's name, the sea star is from a popular American cartoon).

We live in Kaohsiung City, the second largest city of Taiwan. Our group would like to introduce to you a place in Kaohsiung that is very special to all of us. The place is called Shi-Hzuwan Bay.

This place has a good sea view and a former British Consulate. We often ride a bike from our homes there. It is about 45 minutes, and you can eat sea food, then you can climb monkey-mountain to see a group of monkeys and there you can see beautiful sunset.

It's a great place to take photos of sea view and visit old buildings

We are happy that we can be good friends. We look forward to hearing from you.
