

**Муниципальное бюджетное общеобразовательное учреждение
Средняя общеобразовательная школа № 9
имени Новикова Владимира Ивановича**

ПРОЕКТ

**Тема: Роль общения с носителями английского языка
при его изучении**

Секция : иностранные языки

Номинация: творческие проекты

Ученик: 6«Б» класса Сычева Софья

**Руководитель : Кутдусова Н.К., учитель
английского языка**

The aim of the project is to justify the need to communicate with native speakers in the course of learning

```
graph TD; A["The aim of the project is to justify the need to communicate with native speakers in the course of learning"] --> B["To achieve this goal we identified the following tasks:"]; B --> C["The object of the work is communication with native speakers in the course of its investigation"]; B --> D["Scope of the work is the disclosure of the attractiveness of communication with native speakers in the study of the English language in different situations"];
```

To achieve this goal we identified the following tasks:

- 1. describe about the role of English in the modern world;**
- 2. describe the journey to London;**
- 3. present the results achieved in the process of communicating with a native speaker.**

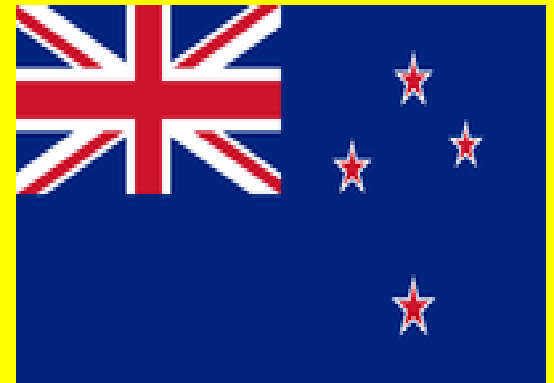

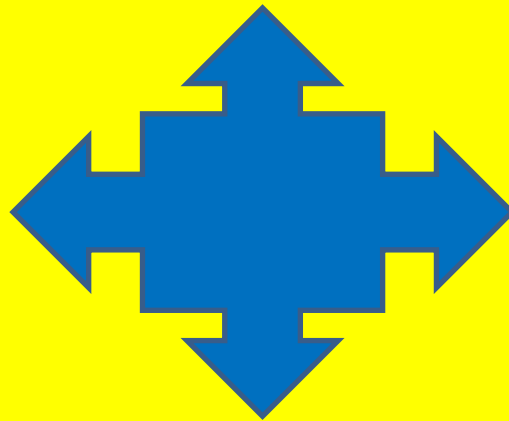

The object of the work is communication with native speakers in the course of its investigation

Scope of the work is the disclosure of the attractiveness of communication with native speakers in the study of the English language in different situations

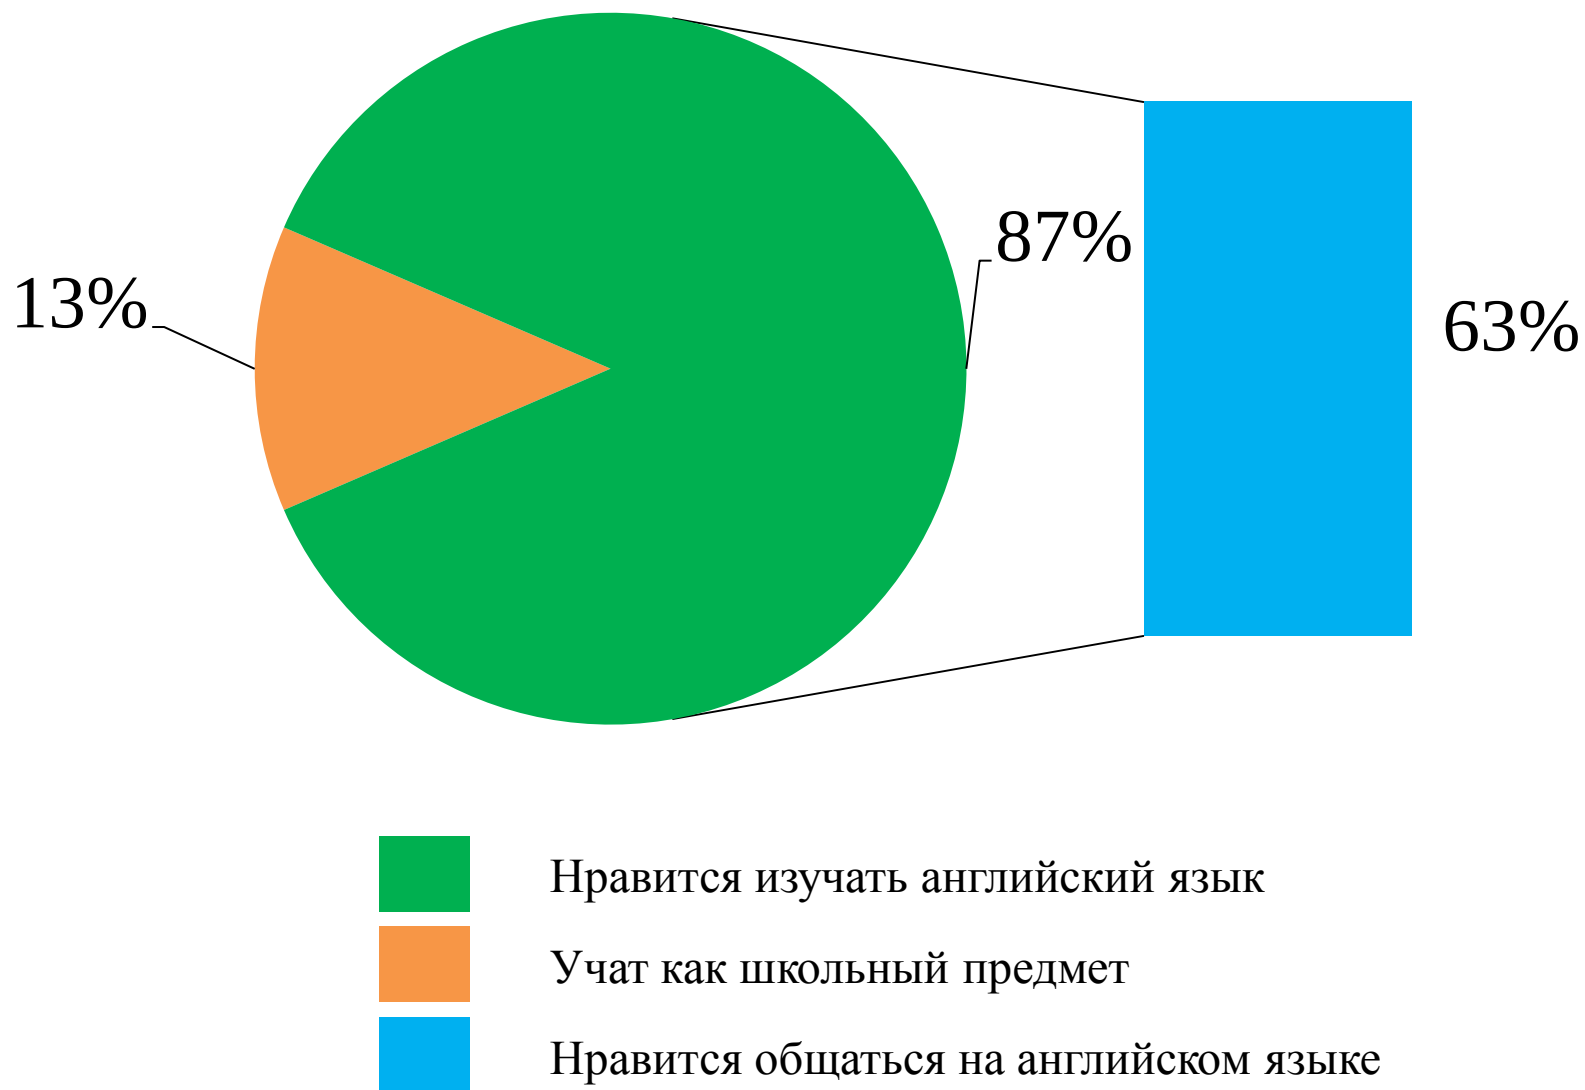

Not knowing
