My Dear Mother!

I want to talk about my dear mother, let's get acquainted with her closer!

My mom prepares delicious cakes ...

MY DEAREST MUMMY!

The love of mum is a gift, accompanies us the most part of our life - who else can so to console, as mum. Whose hands can be softer, kinder and possess such magic curing effect, as able fingers of mum...

MY MOTHER

□ Sergeitseva Maria,
gymnasium #26,
Chelyabinsk, Russia

OKSANA

Her name is Oksana. My mother is a doctor. I love my mother. She does so much for our family. She cooks, cleans, helps me, cares about us and our cat. And finds time for herself. She is a creative person. She always does something hand-made. For example, accessories from felt.

But now I know she was absolutely right. My mother loves animals and she has always had dogs, cats and gold fish at home. She is a businesswoman. So she works a lot and she is very busy. But she finds spare time to look after animals.

Love mom - a gift, accompanied us most of our lives - who else can so comfort my mother. Whose hands can be softer, kinder and possess a magic spell, as the golden arm mother!

Dear Irina ,

A society where mothers are respected and venerated, is a civilized one.
because they are the lantern that lighten our path towards progress and happiness. Don't you think so?.

warm regards

Boudour

I like the photos very much. I find them fabulous .The words are so touching and truthful ,they certainly convey the huge amount of love your students' young heart hides inside. **I'm sure that any mother in the world must be proud of having such children!**

May GOD protect them all and may all their dreams come true!

Big hugs

Boudour

Hi Daniel,

Well done! You are lucky to have such an open-minded mother who likes sports, travelling.. Your mother is lucky ,too because she has the nicest son in the world! Congratulations to both of you!

Hugs,

Boudour

Hello Irina,
I saw the artwork done by your students.
It is fabulous and shows how much they care about their pets and plants.
Everything needs care and children should have a sense of caring in them. Keep posting!

“RUSSIAN FOLK TALES”

Gymnasium # 26,
Chelyabinsk,
Russia

Folk tales are a way of learning about life's problems, customs, traditions, and beliefs, and they often share common themes, such as the struggle between good and evil, or wisdom and ignorance. This project looks at the global community and cultural diversity through folk tales.

There lived an old man and his wife. And a speckled hen resided by their side.
